

# LCG<sup>®</sup> Mini Controller Wiring

## TN 09-08: Basic Wall Switch Wiring Diagram

### MINI ON/OFF ONLY

7-pin and 2-pin connector specification. (included with controller)  
 MSTB 2.5 HC/2-STF-5.08 2pin manufacturer: Phoenix contact  
 MSTB 2.5 HC/7-STF-5.08 7pin manufacturer: Phoenix contact

Never connect high voltage (110/220VAC) to the dry contact interface, as this will cause irreversible damage to the controller.

Gauzy does not guarantee products which are not wired according to these guidelines.
